

# ***ACRYLIC***

## ***TWO WAY MIRROR***

***Mirror Side***

***Non-Mirror Side***

---

***Which side is the mirror side?***

*Take out your finger and investigate.*

To find the mirror coated side, place your finger up to the mirror. If there is no gap between your finger and its reflection, that is the mirror side.

---

***Questions? We've got  
answers***

*Hi, I'm Krista, sales manager for  
Two Way Mirrors.*
